

Product: Agriwarehouses, Collateral Management & Labs in the brand name of star labs  
Industry: Agribusiness  
Location: Jaipur, Mumbai

A post harvest management company, Star Agriwarehousing provides the services from procurement, handling, transportation, warehousing and collateral management. It claims to have one stop solution for farmers, the processors, the traders and millers. At current growth rate of 300%, it expects to grow almost 20 times in next 5-6 years, meaning a target of 300 crores. It has presence in states of Rajasthan, Gujarat, Madhya Pradesh, Maharashtra, Uttar Pradesh, and Delhi and sooner, it is moving towards Eastern and Southern markets. It is contemplating to start private online portal for trading for farmers and traders and can act as the biggest private agri mandi in India.
